Its 12-inch inflatable tires and easy-swivel front wheel provide a smooth ride on all terrains, while the 3-tier canopy keeps the sun off baby's head. Comfort isn't the only concern you have when choosing the right baby stroller; safety and convenience are also important, and the Jeep Liberty Limited delivers here too. ### **Kidz World Spiderman - Red Kid's Recliner**

Your child can help Spidey catch the bad guys on the **Kidz World Spiderman - Red Kid's Recliner**. Whether watching his favorite Spiderman movie or reading a book, your child will be comfy in this chair. It's built on a sturdy mixed hardwood frame and has a safe recline mechanism; your child has to pull out the footrest before he can recline, preventing pinched fingers. When the chair is in the recline position, the space between the seat and footrest has a sewn-in strip of fabric covering it. A recessed plastic cupholder in the right armrest gives your child easy access to a favorite drink, and the polyester fiber fill provides soft cushioning. The recliner's back has a single horizontal tufted stitch in the midsection, and is overstuffed to give it a rounded appearance -- just like Dad's favorite recliner.
